

# COLLEGE COURSES 2019-20

**25**

Celebrating 25 years  
in creative technology  
education

# Hello

Established in 1994 as the first specialist institution of its kind in the region, Confetti Institute of Creative Technologies is home to further and higher education students, studying for careers in games, TV, film, VFX & animation, design, music and events.

We're all about making sure you get the best chance to Do It For Real – perform it, produce it, design it, film it and stage it. A Confetti education means you will get unique opportunities to learn from the best, and to showcase your talents.

# Our Story

We are a specialist creative industries institute and home to some of the best facilities, teachers and industry connections in the UK alongside a community of passionate, like-minded and talented students.

Confetti was founded 25 years ago by Craig Chettle, a former musician, producer and sound engineer. Over the years it has developed into a renowned creative industries centre, teaching visual effects, film, TV, games, live & technical events and music.

Confetti courses are vocational – they are connected to the industries you want to work in and they are designed to give you the very best chance of success.

Since August 2015 we've been part of Nottingham Trent University, meaning your creative education journey could continue right through to degree and postgraduate level.

Confetti also runs a number of commercial businesses – film and TV post-production company Spool, new national centre Metronome, creative business hub Antenna and furniture design and manufacturing business Constellations. We are also partners in Nottingham's successful television station Notts TV, which broadcasts 24/7 on Virgin and Freeview to homes across Nottinghamshire and the East Midlands.

All of these commercial businesses offer our students unique opportunities to get first-hand industry experience, from performing on our stage, to working behind the scenes on live TV programmes.

2019 marks Confetti's 25th anniversary. Studying at Confetti isn't just about the next few years. It's about joining a community to meet new people, make friends and business connections and become part of a network of creative technology professionals across the UK, and around the world. Join our creative community and help shape the next 25 years!

**“ At Confetti, you'll receive the best, the most relevant and the most inspiring creative industry education and training. Our mission is to turn dream jobs into real jobs. Your life-changing journey starts right here.”**

Handwritten signature of Craig Chettle.

Craig Chettle,  
Chief Executive Officer

# Why Choose Confetti?

From our specialist facilities and teaching staff, to our location right in the heart of one of the UK's most creative cities, we think there's plenty of reasons why Confetti is the right choice for you.

- 1** You'll have access to the latest, most exciting tech out there – and we'll teach you how to get the most out of it. We regularly invest in new equipment, to ensure our students keep pace with developments in creative technology.
- 2** We'll prepare you for a successful career through our **Do It For Real** opportunities. From crewing one of the East Midlands' biggest festivals, Splendour, to performing at one of Nottingham's most exciting music venues for a Confetti Live event, you'll add to your CV, and develop the skills and experience that employers are looking for.
- 3** You'll be based at our new, multimillion pound Creative Quarter Campus. The site features specialist classrooms, studios, and a fantastic new café and library.

- 4** We're industry experts. You'll be taught by academic staff who have practical industry experience, giving you relevant and tailored advice about pursuing your dream career. Confetti is a community of like-minded creatives, offering a supportive and welcoming learning environment.
- 5** You'll get an exclusive invite to Industry Week – a week where we suspend the teaching timetable, and instead invite some of the biggest names in the industry to Confetti to deliver inspiring workshops and sessions.

# Our Creative Quarter Campus

With the help of our parent company, Nottingham Trent University, we've invested over £13m in our campus to make sure you have access to all the latest software and hardware in order to start your career in the creative industries.

## Digital Media Hub

### Games & Media Hub

Confetti is in the heart of Nottingham's Creative Quarter. Our college-level courses are run from our base on Convent Street, with state-of-the-art facilities, classrooms and social spaces.

Our new £9.1m Digital Media Hub will give you access to industry-standard studios, labs and classrooms, a Learning Resource Centre, a contemporary café and a rooftop terrace.

### DID YOU KNOW?

The DMH is home to our brand new purpose-built motion capture facility which will house 32 Optitrack cameras allowing full body motion tracking with props for up to 4 actors at 240 fps.

## Space2

### Film & TV Hub

In September 2016 we opened our new home for Film & TV – Space2. This new hub has been developed to contain industry-standard teaching spaces, allowing you to have access to the same equipment and software you'll have to use once you start your creative career, including:

- Media production lab running Avid and Adobe Creative Cloud
- 25 seat screening room with Dolby Atmos audio facilities
- Green Screen Studio with VFX infinity curve screen
- 144m<sup>2</sup> television studio space with broadcast-standard digital video cameras and full lighting rig
- Broadcast spec production gallery with 4k production facilities

### DID YOU KNOW?

Dubbed as Nottingham's answer to Maida Vale – Nusic film their Future Session series in our TV production studio at Space2 with help from our film & TV students.

## DID YOU KNOW?

To top off our incredible recording facilities, Studio 1 now houses a 48 channel SSL Duality console as used by Abbey Road, Steve Mac, Chemical Brothers, Pete Townshend and many, many more.

**The facilities at Confetti are excellent and it's a great place to learn. We recorded a 1Xtra show here earlier this year and were very impressed with the new studio.**

Andy Rogers  
Senior Producer at BBC Radio 1/1 Xtra

## Metronome

### Contemporary Music & Live Events Hub

Confetti is set to become a leading force in contemporary music education with the creation of our new home for music and live events.

Metronome is our new contemporary music and events education hub "of European significance", and has been designed by world renowned acoustic architects White Mark Ltd who have designed studios for clients including Jay-Z and Damon Albarn. As a Confetti student you could have access to:

- 14 rehearsal spaces
- 5 recording studios
- 350 capacity live event venue
- Live events production workspace
- Mastering, surround sound & post-production studio

Students are already using studio spaces, but the centre is due to open fully in autumn 2018. Metronome's public-facing venue will be a new, national centre for music, moving image, videogames, live performance and spoken word and will deliver an ambitious, diverse and contemporary cross-media programme.

# Do It For Real

At Confetti, we know the importance of gaining real, hands-on experience. It'll give you an edge when you've finished your course, and you're looking to move into the creative technologies profession.

'Do It For Real' industry experience lies at the heart of our courses – offering ambitious students hundreds of opportunities to gain real industry experience. Expect assignments set by the industry, in-house showcase events, internships and a host of freelance opportunities. From working on the full-length feature production *Outlawed*, to working at Splendour, Nottingham's biggest outdoor music event, our students have hundreds of opportunities a year to 'Do It For Real.'

With a record label, TV station, film & post-production company all part of the Confetti Media Group family – no one does industry links quite like we do. That level of exposure, experience and talent development places you ahead of the game – ensuring the very best chances of employment when you graduate from Confetti.

## DID YOU KNOW?

Our students totalled up more than 2,300 hours of work experience working at Splendour over the past two years.

## Do It For Real

### Confetti Live

Throughout the year, we put on a series of gigs to give our students the chance to perform at some of Nottingham's top venues, including The Bodega, Rough Trade and The Maze. Our Live & Technical Events students run the shows, and we invite the general public along to watch.

### Splendour

Every year our students work alongside DHP and professional crews to help put on Nottingham's biggest outdoor music festival – Splendour. Events students control the behind-the-scenes technology, PA and lighting, music performance students observe and some even get to perform, while the film & TV students work with Notts TV to film and record all the action backstage.

### Hockley Hustle

The Hockley Hustle music festival fills the streets and venues of Hockley, with some of the best up-and-coming, and established talent in Nottingham. Confetti regularly hosts a stage at the event, featuring our students past and present. There are lots of ways for you to get involved with Hockley Hustle, whether you're performing, running the show as part of the tech crew, or volunteering to help at the venues.

### Lockwood

Our games students have gained some valuable 'Do It For Real' work experience working alongside employees at the highly successful online publishing studio Lockwood, who specialise in social games and created the popular virtual world app Avakin Life..

### Notts TV

Nottinghamshire's very own TV channel sees our TV & film students getting hands-on, real industry experience in all aspects of television production – with show, such as Noise Floor, Ey Up Notts, Sports Week and Notts TV Debate all filmed on our campus daily. Our music performance students also have the chance to perform regularly on shows, such as Ey Up Notts and Noise Floor.

### Nusic

Celebrating Nottingham's vibrant music scene, Nusic is forever looking to promote new talent from around Nottingham. They regularly use our music and TV studios with the help of our talented students. Their popular Future Sessions series is filmed at Space2 and our students have worked in live audio, lighting, mixing and filming.

# Guests, Masterclasses & Industry Week

Confetti's Industry Week is the biggest event of its kind in the UK. Each year we go off timetable, open up the floor and let the industry take over.

Expect interactive workshops, in-depth seminars and exclusive performances – this is your chance to get inspired and learn from the pros.

Our headliners have included the likes of award-winning filmmakers Nick Broomfield, Shane Meadows, Aardman Animations – the Oscar winning creators of Shaun the Sheep, TV's Stacey Dooley, Rockstar Games and Playstation. We've also welcomed some of the most respected names in the music industry, from Radio 1's Andy Rogers and MistaJam to Glastonbury founder Michael Eavis and Professor Green.

**78**  
INDUSTRY GUESTS

**68**  
SESSIONS

**153**  
HOURS OF ENRICHMENT

# Our Courses

# Choosing Your Course

We offer college courses at three different levels: Level 1, Level 2 and Level 3. You'll need certain GCSE grades, and Maths and English skills to be accepted onto some of our courses.

Take a look at the table below to see what qualifications are required for entry onto each course level. If you're unsure which level to apply for, call us on **+44 (0)115 952 2075**, or email **hello@confetti.ac.uk** to talk about your options.

| Level   | Qualification  | You'll need*   | What Next?  |
|---------|--|--|---|
| Level 1 | Level 1 Diploma  | Ideally, you'll have achieved a GCSE grade 2 (E) in English and Maths. However, if you haven't, we'll give you the opportunity to prove you can work at this level.                              | Move on to Level 2  |
| Level 2 | BTEC Level 2 Extended Certificate (equivalent to GCSEs)  | 4 GCSEs grade 9-3 (A*-D)<br><br>An appreciation of, and a passion for, the subject you're applying for, with a level of practical experience.  | Move on to Level 3  |
| Level 3 | BTEC Level 3 Extended Diploma (equivalent to 3 A Levels) | 5 GCSEs grade 9-4 (A*-C)<br><br>An appreciation of, and a passion for, the subject you're applying for, with a level of practical experience and/or a Level 2 qualification in the subject area. | Move on to an undergraduate course – we offer foundation (FdSc/FdA) and full honours degree options (BSc/BA).<br><br>Visit <a href="http://confetti.ac.uk">confetti.ac.uk</a> to take a look at our degree courses. |

\*Your grade in GCSE Maths and English will help decide the best course for you. If you have not yet achieved grade 9 – 4 (A\*-C), you will study Maths and/or English at Confetti as part of your course.

## Our Courses

### ● Introduction

- Introduction to Creative Industries (Level 1)

### ● Digital Media

- Digital Media (Level 2)
- Graphic and Digital Design (Level 3)

### ● Music and Events

- Music Technology and Performance (Level 2)
- Music Technology (Level 2)
- Audio and Music Technology (Level 3)
- Music Performance and Songwriting (Level 3)
- Technical Events (Level 3)

### ● Film and TV

- Film and TV Production (Level 3)
- Screen Acting (Level 3)
- VFX and Animation (Level 3)

### ● Games

- Games (Level 2)
- Games Art (Level 3)
- Games Technology (Level 3)

Your Confetti journey doesn't have to end there. Once you've completed a Level 3 course, you can move onto one of our higher education (undergraduate) courses. Check out **page 64** for more information about progressing.

# Core Skills

As part of your programme of study, you'll have a Personal and Professional Development session. Also, depending on your prior English and Maths attainment, you may need to improve your grade as part of your course.

## Professional & Personal Development

All of our college students take part in our Professional and Personal Development (PPD) sessions. They're built into your course timetable, for an hour per week.

### What will I study?

As part of your programme of study, you'll examine a range of development themes, such as self-awareness, health, diversity, employability and goal setting.

You'll also create a portfolio of work for your vocational sessions, which aims to aid your progression into employment.

The aim of your PPD sessions is:

- To build your self-awareness, empathy and resilience
- Promote health and wellbeing
- Explore diversity, society and current affairs
- Develop transferable skills and critical thinking
- Achieve realistic goals and plans for the future

## English and Maths

If you haven't yet achieved a grade 9 – 4 (A\* – C), you'll study Maths and English at Confetti as part of your course. You'll attend a compulsory GCSE or Functional Skills session over the course of a year, which is a requirement for all of our vocational courses at Confetti.

### Studying English and Maths at Confetti

If you haven't excelled at English or Maths at school before, don't worry. We have an excellent pass rate in both English and Maths, and surpass the national benchmark. We pride ourselves on our ability to make the subjects interesting, coaching you through the syllabus in a way that works for you. Our aim is to help you to achieve a grade 4 (C) or above in both subject areas, to aid you in your progression to higher education and employment.

### What will I study?

- If you've achieved a grade 3 (D) at GCSE, or passed Level 2 Functional Skills, you'll study GCSE English Language and/or GCSE Maths, where you'll be supported to achieve a grade 4 (C) or above.
- If you've achieved a grade 1 (F) or below at GCSE, or you haven't yet achieved a Functional Skills pass, you'll be required to study Functional Skills English and/or Functional Skills Maths at Level 1. Functional Skills will provide a stepping stone towards GCSE; once you've achieved a pass at Functional Skills, you'll progress onto the GCSE course.

### Our syllabus

We follow the AQA syllabus for both GCSE and Functional Skills English, and we use Pearson for both GCSE and Functional Skills Maths.

For a complete overview of the content of our English and Maths courses, visit [confetti.ac.uk/english](https://confetti.ac.uk/english) or [confetti.ac.uk/maths](https://confetti.ac.uk/maths)

# Introduction to Creative Industries

AIM Level 1

This course is designed to help you get an overview of the different career opportunities available in creative technologies. You'll learn the basic skills to prepare you for Level 2 studies, and explore different areas to find out what you enjoy most, so that you can develop your skills further.

## You'll learn:

- How to create music with the latest software such as Apple's Logic Pro X
- Music recording and sequencing techniques
- The basics of game making and coding in software
- An introduction to film and TV production
- Elements of graphic and digital design with Photoshop
- The skills needed to get a job, such as interview techniques
- How to promote yourself within the creative industries

## Facilities

On this course you'll have access to:

- Adobe Software Suite
- Apple Logic Pro X
- GameMaker
- Mac and PC computer suites

## After the course

Once you've completed your course, you can go on to study one of our BTEC Level 2 courses in:

- Music Technology
- Music Technology & Performance
- Games
- Digital Media

---

Study mode  
**Full-time**

---

Duration  
**1 year**

---

How to apply  
**Call: 0115 952 2075**  
**Online: [confetti.ac.uk/apply](https://confetti.ac.uk/apply)**  
**Visit us: [confetti.ac.uk/open-days](https://confetti.ac.uk/open-days)**

---

You'll need:  
**GCSE grade 2 (E) in English and Maths**  
**If you move to the next stage of education with us, you'll retake your GCSE English and Maths with us here at Confetti.**

# Study Music & Events

We've been providing exciting, industry-focused courses for 25 years, helping our students to go on to successful careers in the music industry.

# Music Technology

BTEC Level 2

By studying this course, you'll develop an all-round understanding of the music industry. You'll learn how to use the latest audio software to produce your own music, and spend time in the recording studio developing the skills to plan and carry out recording sessions, working with musicians to achieve your goals. During the year, you'll build a portfolio, and gain the skills needed to promote your work.

Apply now [confetti.ac.uk](http://confetti.ac.uk)

**I've really enjoyed my time at Confetti. I've learnt so much on the course, thanks to the tutors. They've been friendly, insightful and have inspired me to create music.**

Elijah Phillips  
Level 2 Music Technology

## You'll learn:

- Technical skills in music theory, composition and production
- The working practices necessary to operate a recording studio
- The structure of the music industry, professions and organisations
- How to develop your English and Maths skills
- How to use ICT hardware, software and music programs
- How to work effectively in a team and individually, in preparation for employment or progression into further education
- How to work to briefs, supported by real professionals, giving you real industry experience

## Facilities

On this course you'll have access to:

- Confetti's brand new music and events hub – Metronome
- Sound recording and editing suites
- Music studios and rehearsal rooms
- Mac and PC computer suites
- Ableton and Logic music software

## After the course

Once you've completed your course, you could go on to study our Level 3 course in Audio and Music Technology or Technical Events.

Future careers include: sound engineer, radio technician or DJ.

---

---

You'll need:  
**4 GCSEs grade 9 – 3 (A\*-D)**  
**An appreciation of, and a passion for music, with a level of practical experience**

# Music Technology & Performance

BTEC Level 2

This course will give you the experience and techniques to become a better performer. You'll learn new performance skills in a group setting, rehearsing and preparing musical pieces for your live performances. Throughout the course, you'll begin to develop an understanding of the music industry, professions and organisations, whilst developing skills in music composition, to produce an original portfolio of work.

## You'll learn:

- The development of musicianship, in both rehearsal and performance
- Technical skills in music theory, composition and production
- The structure of the music industry, including professions and organisations
- How to develop your Maths and English skills
- How to use ICT hardware, software and music programs
- How to work effectively in a team and individually, in preparation for employment or progression into further education
- How to work to briefs, supported by real professionals, giving you useful industry experience

## Tutor spotlight:

**Curtis Hodelin**  
**Music Technology & Performance Course Leader**

Curtis is a musician, producer and industry specialist, as well as working as a promoter in Nottingham. He's worked with many different collectives and sound systems as a DJ. As well as hands-on industry experience, Curtis has a BSc (Hons) Audio Recording degree.

## Facilities

On this course you'll have access to:

- Confetti's brand new music and events hub – Metronome
- Sound recording and editing suites
- Music studios and rehearsal rooms
- Mac and PC computer suites
- Ableton and Logic music software

## After the course

Once you've completed your course, you could go on to study our Level 3 course in Music Performance & Songwriting or Audio & Music Technology.

Future careers include: sound engineer, performer, songwriter or musician.

---

# Audio & Music Technology

BTEC Level 3

This practical course will develop your music production, sound engineering and DJ skills. You'll be taken through all the stages of production, from laying down your original sounds, to mixing, mastering and marketing your final product. You'll also get advice and guidance from industry professionals about how the music industry works, enabling you to get a head-start towards your chosen career.

Apply now [confetti.ac.uk](https://confetti.ac.uk)

“

**“Confetti is amazing and I've loved every second of it. All the tutors made me feel so welcome and made the course so good!”**

Madison Williams  
Level 2 Music Technology  
& Performance

## You'll learn:

- Studio recording techniques
- Creative synthesis and sampling skills
- Music and sound for media
- DJ techniques
- Live sound
- Entrepreneurial, employment and business skills
- Music technology and associated hardware and software

## Facilities

On this course you'll have access to:

- Confetti's brand new music and events hub – Metronome
- Sound recording and editing suites
- Music studios and rehearsal rooms
- Mac and PC computer suites
- Ableton and Logic music software
- Pioneer DJ equipment

## After the course

Go on to study a degree course in Audio & Music Technology at Confetti, or head straight into your career.

Future careers include: music producer, studio engineer, live sound engineer, musician, DJ, artist management or record label owner.

**An appreciation of, and a passion for music production, with a level of practical experience and/or a Level 2 qualification in the subject area**

# Music Performance & Songwriting

BTEC Level 3

If you dream of performing your music live on stage, or writing the next big hit, then this course is for you. Match your talent and passion for performing, with techniques that will build your confidence and improve your stage presence. You'll have the opportunity to create your own EP, and perform at large-scale music events.

## You'll learn:

- A broad understanding and appreciation of popular music, and its historical significance
- Instrumental and vocal skills, music theory and keyboard skills
- How to compose and write music
- Stagecraft and performance skills
- Practical musicianship

## Tutor spotlight:

**Michael Wynne**  
**Music Performance Tutor**

Mike is a drummer, producer and engineer, who's worked with artists including Supergrass, The Specials, Bentley Rhythm Ace, and Dreadzone. Mike has been a featured producer in Future Music Magazine, and has produced sessions at Maida Vale and Abbey Road. Mike currently works and tours with former Confetti students Harleighblu, Wholesome Fish and Bendigo.

## Facilities

On this course you'll have access to:

- Confetti's brand new music and events hub – Metronome
- Sound recording and editing suites
- Music studios and rehearsal rooms
- Mac and PC computer suites
- Ableton and Logic music software

## After the course

Once you've completed your course, you could go on to study a degree course in Music Performance at Confetti, or head straight into your career.

Future careers include: musician, singer/songwriter, music producer, artist management or music teacher.

---

Study mode  
**Full-time**

---

Duration  
**2 years**

---

You'll need:  
**5 GCSEs grade 9 – 4 (A\*-C)**  
**An appreciation of, and a passion for music, with a level of practical experience and/or a Level 2 qualification in the subject area**

# Technical Events

## BTEC Level 3

Learn the ins and outs of the live events and gig industry. The course will give you experience in a broad range of areas, providing you with the skills to work as a technician, and take an active role in the planning and running of events. Your skills will be put into practice on your own events and productions, and you'll have the opportunity to work at some of the Nottingham's largest festivals and events.

### You'll learn:

- Live sound and lighting techniques
- Events management and marketing
- Music production techniques
- How to set up real industry gigs and performances
- How to succeed in the music and events industry

### Facilities

On this course you'll have access to:

- Confetti's brand new music and events hub – Metronome
- Professional MIDAS 32 channel analogue mixing console
- 2 Behringer X32 professional digital consoles
- 2 full range PA systems, with stage monitoring
- Full lighting rig, with intelligent moving head fixtures, rigging systems, and professional Avolites consoles

### After the course

Once you've completed your course, you could go on to study a degree course in Live and Technical Events at Confetti, or head straight into your career.

Future careers include: live sound engineer, backline technician, lighting engineer or stage manager.

Study mode  
**Full-time**

Duration  
**2 years**

How to apply  
**Call: 0115 952 2075**  
**Online: [confetti.ac.uk/apply](http://confetti.ac.uk/apply)**  
**Visit us: [confetti.ac.uk/open-days](http://confetti.ac.uk/open-days)**

You'll need:

**5 GCSEs grade 9 – 4 (A\*-C)**  
**An appreciation of, and a passion for the subject, with a level of practical experience, and/or a Level 2 qualification in the same area**

# Study Games

Turn your passion into a career, with one of our games courses. You'll learn about every aspect of games design, from concept to production, through to testing and launch.

# Games

## BTEC Level 2

This course will give you the skills you need to start your journey towards a career in games development. On this course, you'll get experience in a range of games development techniques, including planning and programming your own 2D game, and creating graphics for game assets and marketing materials. You'll also produce a short intro animation for your game, and learn about the importance of storytelling in games and the media industry.

### You'll learn:

- How to develop your artistic, creative and technical skills
- How to plan and program your own 2D game
- How to use specialist software to create graphics and manipulate images
- The games-testing cycle and how to produce your own bug reports
- How to produce a short intro animation for your game
- How to develop a storyline for your game
- How to work to a creative brief

### Tutor spotlight:

**Kyle Cherry**  
Games Tutor

Kyle is Games Technology's resident theorist, and has worked with Capcom, Rockstar, Roll7 and more. His specialist areas include planning and research, production management, games design and storytelling.

### Facilities

On this course you'll have access to:

- Confetti's brand new Digital Media Hub
- Adobe Software Suite
- Gamemaker
- Confetti Art room
- Mac and PC computer suites

### After the course

Once you've completed your course, you could go on to study one of our Level 3 courses in Games Art or Games Technology.

Future careers include: games tester, concept artist or games asset artist.

---

Study mode  
**Full-time**

---

Duration  
**1 year**

---

How to apply  
**Call: 0115 952 2075**

You'll need:  
**4 GCSEs grade 9 – 3 (A\*–D)**  
**An appreciation of, and a passion for games, with a level of practical experience**

# Games Art

BTEC Level 3

On this course you'll explore how the visual elements of a game are created. You'll work with industry-standard software to create assets and artwork for digital and table-top games. You'll develop your drawing, illustration and animation skills throughout the course, alongside learning how 2D and 3D digital software is used to create exciting game environments, objects and characters.

## You'll learn:

- How to create and develop a strong, versatile digital art portfolio
- How to create concept art using traditional and digital methods
- How to create animations in 2D & 3D.
- How to create a 3D environment using state of the art 3D modelling software
- How the games industry uses narrative imagery to communicate meaning and message to an audience
- The processes of games design from initial ideas to finished outcomes
- How to develop professionalism, independence and project management skills
- How to engage with industry professionals and provide real links to industry opportunities

Lucinda Bishop

## Facilities

On this course you'll have access to

- Confetti's brand new Digital Media Hub
- High spec computers, installed with Adobe Creative Suite and 3DS Max
- Games art studios
- Mac and PC computer suites
- Wacom drawing tablets

## After the course

Once you've completed your course, you could go on to study a degree course in Games Art at Confetti, or head straight into your career.

Future careers include: games artist, art director, 3D modeller, concept artist or storyboard artist.

Study mode  
**Full-time**

Duration  
**2 years**

How to apply  
**Call: 0115 952 2075**  
**Online: [confetti.ac.uk/apply](http://confetti.ac.uk/apply)**  
**Visit us: [confetti.ac.uk/open-days](http://confetti.ac.uk/open-days)**

You'll need:  
**5 GCSEs grade 9 – 4 (A\*-C)**  
**An appreciation of, and a passion for games, with a level of practical experience and/or a Level 2 qualification in the subject area**

# Games Technology

## BTEC Level 3

If you want to make computer games, not just play them, then this is the course for you. Throughout the course, you'll gain the skills needed to create game elements and sequences. You'll take part in a mixture of practical and theoretical sessions, which will help develop your technical skills, and the software and hardware used in the creation of games. This will prepare you for a career in the games industry or a games degree course.

### You'll learn:

- How the games industry works, and what it takes to be successful
- The skills to use industry-standard software, such as the Autodesk Suite and Unreal Engine
- The development of practical skills across a range of games development practices and techniques
- How to work as part of a project development team
- Games scripting and implementation, in a number of dedicated and integrated development programs
- How to prepare and present material to an industry standard, preparing for employment within a wide range of games industry roles

**My time at Confetti has been really interesting and enjoyable. Learning how to create and develop my own 3D game has to be my highlight.**

Jaden Lambert-Smith  
Level 3 Games Technology

### Facilities

On this course you'll have access to:

- Confetti's brand new Digital Media Hub
- Industry-standard software, including Autodesk Suite's Maya and Mudbox, the Unreal and Unity Engines, and Adobe Creative Suite
- Dedicated gaming suites
- Mac and PC computer suites

### After the course

Once you've completed your course, you could go on to study a degree course in Games Technology at Confetti, or head straight into your career.

Future careers include: games designer, level designer, 3D modeller, QA tester or games script writer.

# Study Digital Media

The digital world moves fast, and new technology is helping us to communicate in different ways.

Our courses will develop your creative skills across lots of different digital platforms.

Apply now [confetti.ac.uk](http://confetti.ac.uk)

# Digital Media

BTEC Level 2

This course will help you to develop your skills in photography, filmmaking, audio recording and lighting, for still and moving image. You'll build an excellent foundation to progress on to a Level 3 course in Film & TV, Graphic & Digital Design, or VFX & Animation.

## You'll learn:

- How to plan and pitch your own ideas for a short film
- How to light, shoot and edit your own short films
- The skills needed to produce a portfolio of digital still photography
- How to use Adobe Photoshop to manipulate images
- The skills to record and edit audio for your own film productions
- Film production processes

## Facilities

On this course you'll have access to:

- Confetti's brand new Digital Media Hub
- Adobe software suite
- Our green screen studio at Space2, our Film and TV Hub
- Mac and PC computer suites
- Sony DSLR cameras and Zoom H4N recorders systems, and professional Avolites consoles

## After the course

Once you've completed your course, you could go on to study one of our Level 3 courses in Film & TV, Graphic & Digital Design, or VFX & Animation.

Future careers include: audio/visual technician, broadcast assistant, photographer or production assistant.

# Graphic & Digital Design

BTEC Level 3

This course provides an all-round understanding of the design process. You'll gain an advanced knowledge of design software packages including Adobe Photoshop, Illustrator, After Effects and InDesign. You'll gain an understanding of branding and project management skills, which will put you firmly on the path towards a career in the design industry.

## You'll learn:

- Hands-on usage of Adobe software packages
- The production of digital graphics for print, digital and moving image
- The development of ideas, and thinking creatively
- Traditional art, design and photography skills, to improve your digital work
- How to use graphics tablets to produce a range of projects
- How to successfully complete industry projects, with local creative professionals

## Facilities

On this course you'll have access to:

- Confetti's brand new Digital Media Hub
- Industry-standard software
- Mac and PC computer suites

## After the course

Once you've completed your course, you could go on to study a degree course in Visual Effects Production at Confetti, or head straight into your career.

Future careers include: graphic designer, animator, illustrator, web designer or artworker.

## Tutor spotlight:

**Ellie Howitt**  
**Graphic & Digital Design**  
**Course Leader**

Ellie coordinates the Graphic & Digital Design course at Confetti and works on freelance design projects, as well as personal projects in various styles, including digital painting.

**I've really enjoyed my course, especially making 3D adverts. My tutors have been nothing short of helpful and supportive.**

# Study Film & TV

During your time with us, you'll work in our industry-standard facilities in the heart of Nottingham, taught by our team of professional tutors.

You'll get hands-on experience by learning the ropes at Notts TV, Nottinghamshire's very own TV channel, broadcasting 7 days a week across the region.

# Film & TV Production

BTEC Level 3

Ever wanted to make a short film, documentary or music video? This is your chance. Aimed at aspiring writers, producers, cinematographers and directors, this course combines theory and practice to give you an all-round understanding of the diverse and exciting film and TV industries.

## You'll learn:

- Industry-standard production techniques
- Different production roles, gaining valuable hands-on experience
- The history of the film and TV industries
- How to create a range of moving image productions, from short films to music videos, and live television productions
- How to engage with industry professionals, and make real links to industry opportunities
- How to create your showreel to prepare for a career in the film and TV industry

## Facilities

On this course you'll have access to:

- Confetti's new Digital Media Hub
- A range of broadcast-quality cameras
- Professional grip and lighting gear
- A state-of-the-art TV studio & gallery
- Mac and PC computer suites
- Adobe Creative Cloud
- Final Cut Pro X
- Green screen studio

## After the course

Once you've completed your course, you could go on to study a degree course in TV or Film Production at Confetti, or head straight into your career.

Future careers include: camera operator, cinematographer, editor, producer, director researcher or production assistant.

**Stuart Samuels**

**Film & TV Production  
Course Leader**

Stuart is an accomplished editor and teacher. He's dedicated to the delivery of a fun and involving course, bringing out the best in every student. He specialises in VFX, editing and photography.

# Screen Acting

BTEC Level 3

This course is designed to provide you with real insight and experience in acting for film and television. You'll be taught by experienced performers to develop a range of acting techniques, as well as developing your writing skills. This Screen Acting course is taught in partnership with the Midlands Academy of Dance and Drama, which means that our students benefit from access to MADD's world-class performing facilities.

## You'll learn:

- A wide range of screen-performance skills
- Key aspects of performing arts
- How to develop confidence as a performer
- How to gain, and maintain employment as a screen actor
- How to develop a professional portfolio of acting work
- How to engage with industry professionals

## Facilities

On this course you'll have access to:

- Performance studios at Confetti and MADD
- Props, sets and costumes
- Mac and PC computer suites
- Broadcast-standard camera and sound equipment

## After the course

Once you've completed your course, you could go on to study a degree course in TV or Film Production at Confetti, or head straight into your career.

Future careers include: film actor, TV actor, presenter, voice-over artist.

Study mode  
**Full-time**

Duration  
**2 years**

**An appreciation of, and a passion for acting, with a level of practical experience and/or a Level 2 qualification in the subject area**

# VFX & Animation

BTEC Level 3

From animation techniques, to 2D graphics, and 3D modelling, this course will cover it all. You'll be equipped with the skills necessary for a career as an animator or a visual effects specialist, working in film, TV, post-production or games.

## You'll learn:

- How to create and animate 2D graphics
- Employment skills for the VFX industry
- How to design and create your own stop-motion film
- The use of industry-standard software for creating 3D models and animations
- The skills needed to work on a live industry brief
- How to create 3D content for the Oculus Rift

**The facilities here are great, especially the rooms that have access to dual monitors for a quicker work flow this really helped me to be more creative.**

Adikah Patterson  
Level 3 VFX & Animation

## Facilities

On this course you'll have access to:

- Confetti's brand new Digital Media Hub
- Industry-standard software
- High-spec computers, with use of Adobe Creative Suite and Maya
- Green screen studio

## After the course

Once you've completed your course, you could go on to study a degree course in Visual Effects Production at Confetti, or head straight into your career.

Future careers include: 2D animator, 3D animator, 3D modeller, 3D animator or roto and paint artist.

# How to Apply

Based on the course you decide to study there are various ways of getting your application started and sent through. Applying is a six-step progress, and we'll guide you through it from start to finish.

## 1. Apply

When you're ready to apply for one of our college courses, there's a few ways to start the process.

### Apply online

Visit [confetti.ac.uk/apply](https://confetti.ac.uk/apply) to apply through our website. Your application will come straight to us, and once it's been processed, we'll give you a call to book an interview. You'll also find all of the information about our courses on our website, along with our latest news and information.

### Call us

You can call us on +44 (0)115 952 2075 and start your application over the phone. Our Student Services Team can also give you advice and guidance, if you're still unsure about which course is best for you.

### By post

If you'd prefer to apply in writing, we can post an application form to you – just give us a call on the number above to request a paper application form.

### Visit us at an open day

Come and see us at one of our upcoming open days. You'll get a tour of our facilities, have a chat with our tutors, and we'll work together to find the right course for you. You can make an application, and walk away with an interview date on the day! To reserve your place visit [confetti.ac.uk/open-days](https://confetti.ac.uk/open-days).

See page 70 for a list of our latest open day dates.

## 2. Attend your interview

Our interviews are relatively informal, and they're nothing to worry about. They're a chance for you to meet our academic team, talk about your interest and passions and find out whether we're the right college, offering the right course for you. In return, the interview is a chance for us to find out a bit more about you and why you're choosing this course, to decide whether we can offer you a place.

If you have any concerns, speak to our Student Support Team, who'll be happy to help.

## 3. Get your confirmation letter

Once you've had your interview, hold tight. If we can offer you a place at Confetti, you'll receive a confirmation letter posted to the address provided on your application form, normally within 2 – 3 weeks, if not sooner.

## 4. Accept your place

You might be jumping for joy, or you might need a little more time to think about your place at Confetti. Either way, once you've made your decision, you'll need to let us know that you're intending to join us in the autumn. Details about how to accept your place will be on your confirmation letter.

## 5. Receive your enrolment date

Enrolment happens in mid-August. You'll join us at Confetti to pick up your student card and officially enrol onto your course. You'll meet your course team and get a flavour for what you'll have to look forward to on your course. Look out for your official enrolment date, which will be posted out to you in advance.

## 6. Celebrate your place

That's it! Once you've received your confirmation letter and enrolment date, you can start the countdown to joining us. You're on your way to becoming a Confetti student!

If you need any help or advice, call us on **0115 952 2075** or email [hello@confetti.ac.uk](mailto:hello@confetti.ac.uk)

# Thinking About University?

Once you've finished your college course, you could go straight into industry, equipped with the skills and experience that you've developed during your time here.

Or, you could choose to stay and develop your specialism and study an undergraduate course - we offer foundation (FdSc/FdA) and full honours degree options (BSc/BA).

We offer degree courses in:

- Audio & Music Technology
- Music Performance
- Live & Technical Events
- Television Production Technology
- Film Production Technology
- Visual Effects Production
- Games Art
- Games Technology

To browse our degree courses go to [confetti.ac.uk/degree-courses-nottingham](https://confetti.ac.uk/degree-courses-nottingham)

## Why choose further study?

1. Gain a degree delivered in partnership with Nottingham Trent University, one of the UK's largest and most popular universities. Benefit from access to the NTU gym, library, Students' Union and learning facilities.
2. Study something you love for longer. An undergraduate degree builds on the foundations that you will have developed on your college course, helping you to direct your studies towards your personal areas of interest.
3. Expand your knowledge and further your skills, with additional opportunities to gain experience and learn new techniques, theories and practices.
4. Evidence your expertise to employers with a higher level qualification. Put yourself ahead of the competition in a competitive graduate marketplace.
5. Take part in our annual Degree Showcase, giving you an opportunity to get your work in front of influential local and national professionals.

**Dedication allowed me to complete the BSc (Hons) in Games Production. It was truly worth all the hard work and I'm proud to have achieved a First Class honours degree. I'll always be honoured to be part of the Confetti experience and even returned to complete my Masters degree to continue my journey.**

Akshay Soni  
BSc (Hons) Games Production

# Student Services

At Confetti, you'll find a wide range of Student Services from dedicated academic and pastoral teams, through to Student Services and additional learning support – all geared up to help you get the most out of your time here.

## Student Forum

Have your say and help us continually improve our courses. Via the forums you can give us your views and feedback on every aspect of your experience – so that we can make it even better. Get elected as a Course Rep and you'll help to put forward the views of your course classmates too.

## Become a Student Ambassador

Get involved in helping to shape events and workshops, represent Confetti at recruitment fairs and get some amazing work experience to help develop your CV.

**Support at Confetti has helped me so much. My confidence has grown over the two years I've been on my course, helping me to achieve.**

Rebecca Elcock  
Level 3 Graphic & Digital Design

## Additional Learning Support

Our ALS team will assess the support requirements of all students who declare a support need. If you feel that you require support you will be guided through our support assessment process.

Support is intended to enable access to learning for all students, whilst increasing a student's ability to work independently. We recognise that students are individuals, so how support is delivered will be different for everyone and can range from simple drop in sessions, through to individualised support packages for those with more complex difficulties. We take a partnership approach to support and encourage input from the student, parents, supporters and other professionals.

The ALS team also work closely with curriculum areas to develop an inclusive curriculum that reduces barriers to learning.

## Student Services

Throughout your time at Confetti you'll have the one-to-one support of a personal tutor, as well as your course tutors. In addition, there's a whole range of different Student Services available, including:

- Information, advice and guidance on every aspect of your course and being a student at Confetti
- Help with study skills and additional learning support
- Pastoral support such as mentoring and finance advice
- Enrichment activities designed to help you get the most from your time here

# Fees & Funding

## Will I have to pay for my college course at Confetti?

### 16 – 18 years old

No! Your college course is fully funded and you won't need to pay to study with us.

### 19 + years old

Yes, you may have to pay fees to cover the cost of your course. You'll be assessed each year, and the amount you'll pay may change with each assessment.

In 2018–2019, the fees for Level 1 and Level 2 courses were £750 per year of study, and £1,000 per year for Level 3 students. Fees change each year, so these are supplied as a guide only.

## Talk to us about your circumstances

In some circumstances, course fees may be waived in part, or in full, depending on your exact age, employment status or previous qualifications.

If you are 19 or over, we recommend you contact our Student Services Team on **+44 (0)115 952 2075** to discuss your personal situation.

## How to pay your fees (if applicable)

We know that paying everything up front sounds a bit daunting, so we've made paying your fees as easy as possible.

### Choose to pay:

- In full, at enrolment (at the start of your first term, in the autumn) or,
- Sign a direct debit agreement which allows you to break your fees down into four, more manageable payments. There's no administration fee for this facility. The first payment must be paid at your enrolment session.

## TALK TO US

Please contact our Student Services Team to find out more info by calling us on **0115 952 2075**.

# Open Days

Visit us at one of our upcoming open days – you'll get the chance to tour our facilities, have a chat with our tutors, and we'll work together to find the right course for you.

Our open days will take place on the following dates:

- Saturday 13 October 2018
- Saturday 24 November 2018
- Thursday 24 January 2019
- Thursday 21 March 2019
- Thursday 11 April 2019
- Wednesday 29 May 2019
- Thursday 11 July 2019
- Tuesday 6 August 2019
- Thursday 22 August 2019
- Thursday 5 September 2019

For further information and to book your place, visit [confetti.ac.uk/open-days](http://confetti.ac.uk/open-days)

## Schools

Throughout the year, our Schools Liaison team visit schools and colleges to talk to students about careers in the creative industries. Their activities include in-school careers events, careers assemblies, interactive sessions, tours and experience days on-site at Confetti.

Get in touch with our team and find out more at [confetti.ac.uk/schools](http://confetti.ac.uk/schools)

# Getting to Confetti

Confetti is located in the heart of Nottingham's Creative Quarter and is easily accessible by various modes of transportation.

## By Car

Nottingham is in the East Midlands and is easily reached by motorway. If you're coming from the north, south or west, use the M1 motorway, exiting at Junction 26 to reach the city. From the east, you can take the A52 into the city centre.

There are a limited number of pay-and-display parking spaces on King Edward Street, Brook Street and Bath Street. Car parks are also near our Digital Media Hub, and music and events hub, Metronome on Brook Street, Huntingdon Street and Glasshouse Street (Victoria Centre). Our film and TV hub, Space2, has parking facilities on Handel Street and Garnet Court – just a 3 minute walk away. You can pay for Nottingham on-street parking using cash, debit/credit cards and the Ringo app.

Visit [confetti.ac.uk/directions](http://confetti.ac.uk/directions) to view our parking map.

## By Coach

National Express coach services operate from Station Street, which is a 15 – 20 minute walk from our campus. If you're travelling from Derby, the Red Arrow runs every 10 minutes, non-stop down the A52. For route and ticket information go to [nationalexpress.com](http://nationalexpress.com) or [trentbarton.co.uk](http://trentbarton.co.uk).

## By Rail

Nottingham Rail Station is a 15 – 20 minute walk from our campus. You can take the East Midlands Train service if you're travelling from Beeston, Alfreton or Derby. Go to [nationalrail.co.uk](http://nationalrail.co.uk) for details.

## By Tram

The NET tram runs between the rail station and many local areas, including Bulwell, Hucknall, Clifton and Radford. For route and ticket information, go to [thetram.net](http://thetram.net). Our closest stop is a five minute walk away, in the Lace Market.

## By Bus

Thanks to our prime location in the city centre, there are bus routes connecting us to the surrounding areas. Many of these arrive outside into Victoria Centre, which is a short 2 – 3 minute walk from our campus. Go to [trentbarton.co.uk](http://trentbarton.co.uk) and [nctx.co.uk](http://nctx.co.uk) for full route information.

## Arrival at Confetti

Receptionists at all our buildings will be happy to help you find your way around our campus. Visit [confetti.ac.uk/directions](http://confetti.ac.uk/directions) to view our campus map.

## Confetti Creative Quarter Campus

- 1 CONFETTI HQ / DIGITAL MEDIA HUB
- 2 METRONOME
- 3 SPACE2
- R MAIN RECEPTION

# Partnerships

We are a connected bunch at Confetti. We are switched onto and plugged into the exciting industries connected to our courses. From the British Games Institute to BBC Radio 1, our network extends way beyond our campus in Nottingham. That means we create opportunities for you to get up close and personal with the industries you want to work in.

## The Confetti Media Group

Confetti is part of the Confetti Media Group, a family of companies committed to developing creativity and to driving new and innovative approaches to business and education. These include the award-winning local TV station Notts TV, Antenna Media Centre, Spool Films and new national centre for culture Metronome. Together, they form a dynamic network, offering access to knowledge, skills and industry.

## Our Parent Company

Confetti is part of Nottingham Trent University and as our parent company, they offer exciting opportunities for students to progress onto degree

courses. We are partners with the University in Metronome – Nottingham's new centre for culture and Notts TV.

## Our Education Partners

Our college-level courses are run in partnership with national providers of creative industry courses, **Access Creative College**. In addition, eligible college students studying with Access can progress onto a degree course at Confetti.

We have recently formed exciting new partnerships with **Midlands Academy of Dance and Drama (MADD)** and **MLC Academy**.

Our industry partners generate valuable real world, commercial opportunities for our students in the form of work experience, project commissions, lectures and seminars.

Visit our website [confetti.ac.uk](https://confetti.ac.uk) for more details.

# Contact us

If you've got a question, we're here to help. Call our general enquiries number and you'll be passed through to the right team for you.
